PATENT-PENDING TECHNOLOGY

SHADOWLIFT™

Gas-assisted, anti-gravity, easy lift. Shadowlift™ is the most advanced umbrella deployment system in the industry. Lift your world of shade with ease.

SHADOWGLIDE™

Using calculated geometry and expert engineering the sliding mechanism works in complete harmony to open or close your umbrella in 3 seconds.

SHADOWLOCK™

Integrated into the mast of the umbrella, Shadowlock™ is a functional solution to wind-protection and 360 degree umbrella rotation.

SHADOWHUB

Our flagship umbrellas have built in LED lights in the central hub. Controlled with an optional, rechargeable, smart battery and phone app.
